

September 2026, Fall Edition

Oh, how
abundant
is your goodness,

which you have stored up for those who fear you
and worked for those who take refuge in you,
in the sight of the children of mankind!

— PSALM 31:19 —

A Note From Linda

For those of us who love pumpkins, candles, wool socks, and cozy blankets, this time of year may come with contented anticipation. Yet as summer fades, the cooler weather is also a call to hit "reset." In many ways, fall functions as a "second" new year because it triggers a universal shift in our routines, mindsets, and environments. January 1 marks the official calendar year; however, September brings a structural reset that often impacts our daily lives more deeply.

I love this reminder from the writer of Ecclesiastes: *For everything there is a season . . . a time to seek, and a time to lose; a time to keep, and a time to cast away* (Eccl. 3:6).

So, as we move into this season with intentionality, here are some questions to consider.

- How can I seek God more?
- Are there new routines I can add to cultivate spiritual growth?
- Who is God asking me to release to Him?
- What habit is not serving me well?

Just as seasons are marked by a shift in creation, they can also provide opportunities for a shift in our daily rhythms. September may bring busier schedules, but it can also bring a deeper desire to see a spiritual harvest in our lives.

C.S. Lewis write, "Autumn is really the best of seasons." May this be our best season yet as we put God first in all we do.
